International Congress for Joint Reconstruction

ICJR Educational Conference
The Rosen Shingle Creek
Orlando, Florida
December 11-13, 2008
Dear Clinician:

Welcome to the inaugural **ICJR Educational Conference**—a program of highly interactive sessions covering the most compelling and current clinical topics in orthopaedic surgery.

Developed by the International Congress for Joint Reconstruction, the **ICJR Educational Conference** presents the latest in case-based learning, in-depth research, and effective approaches to joint disease.

This year’s curriculum for the **ICJR Educational Conference** focuses on practice-based topics focusing on hip and knee joint reconstruction—timely sessions designed to support your patients’ diagnoses, treatment, and management. Sessions are supported by opportunities for meaningful engagement with the faculty.

Thank you for joining us at the **ICJR Educational Conference**. We look forward to meeting you and hearing your input throughout the program. If you have any questions about the ICJR, please visit us on the Web at [www.pri-med.com/icjr](http://www.pri-med.com/icjr) or contact us via e-mail at icjr_support@pri-med.com.

Sincerely,

W. Norman Scott, MD  
President & CEO  
The International Congress for Joint Reconstruction

John M. Connolly  
Chief Executive Officer  
Pri-Med

Marissa Seligman, PharmD  
Chief Clinical & Regulatory Affairs Officer & Senior Vice President  
Pri-Med Institute
LEARNER BILL OF RIGHTS

Pri-Med Institute recognizes that you are a life-long learner who has chosen to engage in continuing medical education to identify or fill a gap in knowledge, skill, or performance. As part of Pri-Med Institute’s duty to you as a learner, you have the right to expect that your continuing medical education experience will include:

Content that:

- Is driven and based on independent survey and analysis of learner needs
- Promotes improvements or quality in health care
- Is current, valid, reliable, accurate, and evidence-based
- Offers balanced presentations that are free of commercial bias for, or against, a product/service
- Is vetted through a process that resolves any conflicts of interests of planners and faculty
- Is driven and based on learning needs, not commercial interests
- Addresses the stated objectives or purpose
- Is evaluated for its effectiveness in meeting the identified educational need

A learning environment that:

- Is based on adult learning principles that support the use of various modalities
- Supports learners’ ability to meet their individual needs
- Respects and attends to any special needs of the learners
- Respects the diversity of groups of learners
- Is free of promotional, commercial, and/or sales activities

Disclosure of:

- Relevant financial relationships planners, teachers, and authors have with commercial interests related to the content of the activity
- Commercial support (funding or in-kind resources) of the activity
Thursday, December 11, 2008 – Knee Program

To access the course materials, please visit www.pri-med.com/62ORL08A and click on the Meeting and Travel Resources Tab.

5:55 - 6:55 AM
Registration and Continental Breakfast

6:55 - 7:00 AM
Welcome and Opening Remarks

7:00 - 7:46 AM
Hip Impingement and Dysplasia
SESSION 1
Moderator: Robert T. Trousdale, MD
7:00 - 7:03
Audience Polling and Test Questions
7:03 - 7:11
What Is the Latest Update on Impingement?
Robert T. Trousdale, MD
7:11 - 7:19
What Is the Latest Update on Dysplasia?
Richard F. Santore, MD
7:19 - 7:46
Case Presentations/Q&A
Paul Beaule, MD; Michael Mont, MD; Richard F. Santore, MD; Robert T. Trousdale, MD

7:46 - 8:40 AM
Hip Resurfacing Patient and Treatment Options
SESSION 2
Moderator: Thomas P. Vail, MD
7:46 - 7:49
Audience Polling and Pre-session Test Questions
7:49 - 7:57
Patient Selection and Benefits of Hip Resurfacing
Michael A. Mont, MD
7:57 - 8:05
Early Outcomes Results With Hip Resurfacing
Paul Beaule, MD
8:05 - 8:13
Unique Complications of Resurfacing
William N. Capello, MD
8:13 - 8:40
Case Presentations/Q&A
Michael Mont, MD; Paul Beaule, MD; William N. Capello, MD; David K. DeBoer, MD

8:40 - 9:43 AM
Controversies for Bearing Surfaces in THR
SESSION 3
Moderator: James A. D’Antonio, MD
8:40 - 8:43
Audience Polling and Pre-session Test Questions
8:43 - 8:51
Why I Use Cross-Linked Polyethylene
Mark W. Pagnano, MD
8:51 - 8:59
Why I Use Ceramic-Ceramic
James A. D’Antonio, MD
8:59 - 9:07
Why I Use Metal on Metal
Adolph V. Lombardi Jr, MD, FACS
9:07 - 9:15
What Is the Evidence-Based Data for Bearing Surfaces?
David Backstein, MD
9:15 - 9:43
Case Presentations/Q&A
David Backstein, MD; James A. D’Antonio, MD; Adolph V. Lombardi Jr, MD, FACS; Mark W. Pagnano, MD; Timothy Wright

9:43 - 10:03 AM
Morning Coffee Break
10:03 - 10:43 AM
SESSION 4
Approaches in Primary THA: Video Vignettes
Moderator: Thomas P. Vail, MD

10:03 - 10:08
Audience Polling and Pre-session Test Questions

10:08 - 10:13
The Anterior Approach
E. Marc Mariani, MD

10:13 - 10:18
A Technique for the Minimally Invasive, Watson-Jones Approach to Total Hip Arthroplasty
Richard A. Berger, MD

10:18 - 10:23
MIS Posterior
Douglas E. Padgett, MD

10:23 - 10:28
What Is the Evidence-Based Data for MIS Approaches?
R. Michael Meneghini, MD

10:28 - 10:43
Discussion and Q&A
E. Marc Mariani, MD, Richard A. Berger, MD, Douglas E. Padgett, MD, R. Michael Meneghini, MD

10:43 - 11:22 AM
SESSION 5
The Outstanding Scientific Hip Papers From the Specialty Societies
Moderator: Richard F. Santore, MD

10:43 - 10:51
Hip resurfacing arthroplasty – 25 year survival analysis
Miguel E. Cabanela, MD

10:51 - 10:59
Measuring high level activity after total hip arthroplasty
Thomas P. Vail, MD

10:59 - 11:07
“Hip Squeaking” Biomechanical Study of Ceramic-on-Ceramic Bearing Surface
Robert T. Trousdale, MD

11:07 - 11:22
Discussion
Miguel E. Cabanela, MD; Thomas P. Vail, MD; Robert T. Trousdale, MD

11:22 AM - 12:00 PM
SESSION 6
Component Implantation: Video Vignettes
Moderator: Thomas K. Fehring, MD

11:22 - 11:25
Audience Polling and Pre-session Test Questions

11:25 - 11:30
How I Put In an Uncemented Acetabular Component
Robert T. Trousdale, MD

11:30 - 11:35
How I Put In an Uncemented Tapered Femoral Stem
James A. D’Antonio, MD

11:35 - 11:40
How I Put In a Fully Coated Femoral Stem
Thomas K. Fehring, MD

11:40 - 11:45
How I Put In a Cemented Femoral Stem
Miguel E. Cabanela, MD

11:45 - 11:55
Evidence-Based Data for Stem Selection
C. Lowry Barnes, MD

11:55 - 12:00
Discussion and Q&A
Robert Trousdale, MD; James A. D’Antonio, MD; Thomas K. Fehring, MD; Miguel E. Cabanela, MD; C. Lowry Barnes, MD

12:00 - 1:00 PM
Complimentary Lunch
1:00 - 1:30 PM  
SESSION 7  
The Difficult THA  
Moderator: Daniel J. Berry, MD  
1:00 - 1:03  
Audience Polling and Pre-session Test Questions  
1:03 - 1:30  
Case Presentations and Discussion  
Lester S. Borden, MD; Thomas K. Fehring, MD; Arlen D. Hanssen, MD  

1:30 - 2:00 PM  
SESSION 8  
THA: Case-Based Panel Discussions  
Moderator: Miguel E. Cabanela, MD  
1:30 - 1:33  
Audience Polling and Pre-session Test Questions  
1:33 - 1:43  
Treatment Algorithm for Osteonecrosis  
Michael A. Mont, MD  
1:43 - 2:00  
Case Presentations and Discussion  
David Backstein, MD; David G. Lewallen, MD; Ormonde M. Mahoney, MD; Michael A. Mont, MD  

2:00 - 2:30 PM  
SESSION 9  
Primary THA: Perioperative Issues  
Moderator: Douglas A. Dennis, MD  
2:00 - 2:03  
Audience Polling and Pre-session Test Questions  
2:03 - 2:30  
Case Presentations and Discussion  
C. Lowry Barnes, MD; William L. Healy, MD; Raymond H. Kim, MD; Jay R. Lieberman, MD  

2:30 - 3:09 PM  
SESSION 10  
Navigation in THA  
Moderator: Harry E. Rubash, MD  
2:30 - 2:33  
Audience Polling and Pre-session Test Questions  
2:33 - 2:41  
Why I Would Consider Navigating My THA  
Robert T. Trousdale, MD  
2:41 - 2:49  
Why I Would Not Consider Navigating My THA  
Mark W. Pagnano, MD  
2:49 - 3:09  
Case Presentations and Discussion  
Kevin L. Garvin, MD; Jay R. Lieberman, MD; Mark W. Pagnano, MD; Robert Trousdale, MD  

3:09 - 3:30 PM  
Afternoon Coffee Break  

3:30 - 4:45 PM  
SESSION 11  
Dealing With Complications  
Moderator: Kevin L. Garvin, MD  
3:30 - 3:33  
Audience Polling and Pre-session Test Questions  
3:33 - 3:41  
Diagnosing and Managing Instability  
Miguel E. Cabanela, MD  
3:41 - 3:49  
Diagnosing and Managing Infection  
David Backstein, MD  
3:49 - 3:57  
Dealing With Heterotopic Ossification  
Vincent D. Pellegrini, Jr, MD  
3:57 - 4:05  
Avoiding Leg Length Inequality  
Raymond Kim, MD  
4:05 - 4:13  
Avoiding Neurovascular Complications  
David G. Lewallen, MD
Friday, December 12, 2008 – Hip Program

6:55 AM
Welcome and Opening Remarks

7:00 - 7:30 AM
Revision THA: The Painful Hip: Case-Based Panel Discussion
Moderator: Arlen D. Hanssen, MD

SESSION 12

7:00 – 7:03
Audience Polling and Pre-session Test Questions

7:03 – 7:13
Evaluation of the Painful Failed THR
Arlen D. Hanssen, MD

7:13 – 7:30
Case Presentations and Discussion
Kevin L. Garvin, MD; R. Michael Meneghini, MD; Brad L. Penenberg, MD

7:30 - 8:10 AM
Revision THR: Surgical Technique Video Vignettes
SESSION 13
Moderator: Douglas A. Padgett, MD

7:30 – 7:35
Exposure: Anterolateral Approach
David G. Lewallen, MD

7:35 – 7:40
Exposure: PATH Approach
Brad Penenberg, MD

7:40 – 7:45
Exposure: Extended Osteotomy
Arlen D. Hanssen, MD

7:45 – 7:50
Implant Removal: Acetabulum
Douglas E. Padgett, MD

7:50 – 7:55
Implant Removal: Femoral Component
David K. DeBoer, MD

7:55 – 8:00
Acetabular Insertion With Bone Grafting
David G. Lewallen, MD

8:00 – 8:05
Insertion of a Fully Coated Femoral Stem
Kevin L. Garvin, MD

8:05 – 8:10
Insertion of a Modular Tapered Stem
Ormonde M. Mahoney, MD

8:10 – 8:30
Panel Discussion
David K. DeBoer, MD; Kevin L. Garvin, MD; Arlen D. Hanssen, MD; David G. Lewallen, MD; Ormonde M. Mahoney, MD; Brad Penenberg, MD

8:30 - 9:13 AM
Revision THA—Wear & Osteolysis: Case-Based Panel Discussion
Moderator: Maloney

SESSION 14

8:30 – 8:33
Audience Polling and Pre-session Test Questions

8:33 – 8:43
Update on Wear and Osteolysis
William J Maloney, MD
8:43 – 9:13 Case Presentations and Discussion
James A. D’Antonio, MD; David G. Lewallen, MD; Harry E. Rubash, MD; Timothy Wright, PhD

9:13 - 9:30 AM Morning Coffee Break

9:30 – 10:00 AM The Latest Updates in Joint Arthroplasty
Moderator: W. Norman Scott, MD, FACS
SESSION 15

9:30 – 9:45 Updates From the ORS
Harry E. Rubash, MD

9:45 – 10:00 Department of Justice Investigation of the Orthopaedic Industry
William L. Healy, MD

10:00 – 11:00 AM DVT Debate in Joint Arthroplasty
SESSION 16
Moderator: Jay R. Lieberman, MD

10:00 – 10:03 Audience Polling and Pre-session Test Questions

10:03 – 10:08 Chest Surgeon Guidelines
C. Lowry Barnes, MD

10:08 – 10:13 AAOS guidelines
Paul F. Lachiewicz, MD

10:13 – 10:18 Pay for Performance Guidelines
William J. Maloney, MD

10:18 – 10:23 Aspirin Is Enough
Arlen D. Hanssen, MD

10:23 – 10:28 Low Molecular Weight Heparin: The Latest Facts
Henry D. Clarke, MD

Vincent D. Pellegrini, Jr, MD

10:33 – 11:00 Case Presentations and Discussion
C. Lowry Barnes, MD; Paul F. Lachiewicz, MD; William J. Maloney, MD; Arlen D. Hanssen, MD; Henry D. Clarke, MD; Vincent D. Pellegrini, Jr, MD

11:00 AM – 12:00 PM Efficiency and Economics in Joint Arthroplasty
SESSION 17
Moderator: W. Norman Scott, MD, FACS

11:00 – 11:03 Audience Polling and Pre-session Test Questions

11:03 – 11:11 Pearls in Practice Efficiency
Robert E. Booth, Jr, MD

11:11 – 11:19 Team Building Basics
David F. Dalury, MD

11:19 – 11:27 Economics of Total Joint Arthroplasty
William L. Healy, MD

11:27 – 11:35 Outcomes Measure in Joint Arthroplasty
Jess H. Lonner, MD

11:35 – 12:00 Discussion and Q&A
Robert E. Booth Jr, MD; William L. Healy, MD; Jess H. Lonner, MD; David F. Dalury, MD

12:00 – 1:00 PM Complimentary Lunch
1:00 – 1:40 PM
SESSION 18

1:00 – 1:20
Keynote Addresses: The Humanity of Orthopaedics
Moderators: Douglas A. Dennis, MD; V. Franklin Sechrist, II, CDR, MC, US

1:00 – 1:20
Humanitarian Aid and Disaster Relief: A Combined Military and Civilian Operation
V. Franklin Sechrist, II, CDR, MC, US

1:20 – 1:40
Operation Walk: A Way to Give Back—My Experience
Douglas A. Dennis, MD

1:40 – 2:45 PM
SESSION 19

1:40 – 1:43
Audience Polling and Pre-session Test Questions

1:43 – 1:51
Demographics of the New Patient
David F. Dalury, MD

1:51 – 1:59
Arthroscopic Procedures May Be Temporizing
Michael A. Kelly, MD

1:59 – 2:07
Tibial Osteotomy: Indications, Technique, Outcomes
Raymond Kim, MD

2:07 – 2:15
Femoral Osteotomy: Indications, Technique, Outcomes
David Backstein, MD

2:15 – 2:45
Case Presentations and Discussion
David Backstein, MD; Henry D. Clarke; David F. Dalury, MD; Michael A. Kelly, MD; Raymond Kim, MD

2:45 – 3:05 PM
Afternoon Coffee Break

3:05 – 4:30 PM
SESSION 20

3:05 – 3:08
Audience Polling and Pre-session Test Questions

3:08 – 3:16
Medial Unicondylar Replacement
Richard A. Berger, MD

3:16 – 3:24
Lateral Unicondylar Replacement
Jean-Noël A. Argenson, MD

3:24 – 3:32
Mobile Bearing Unicondylar Replacement
Adolph V. Lombardi, Jr, MD, FACS

3:32 – 3:40
Patellofemoral Replacement
Jess H. Lonner, MD

3:40 – 3:48
Bicompartmental Replacement
Ormonde M. Mahoney, MD

3:48 – 3:56
Robotic Unicompartmenal Replacement
Jess H. Lonner, MD

3:56 – 4:30
Case Presentations and Discussion
Richard A. Berger, MD; Adolph V. Lombardi, Jr, MD, FACS; Jess H. Lonner, MD; Ormonde M. Mahoney, MD

4:30 PM
Adjourn
Saturday, December 13, 2008

6:55 AM – 7:00 AM  Welcome and Opening Remarks

7:00 – 8:07 AM  Technologic Developments in TKA
SESSION 21
Moderator: Giles R. Scuderi, MD

7:00 – 7:03  Audience Polling and Pre-session Test Questions

7:03 – 7:11  Crosslinked Polyethylene Has Its Benefits
Harry E. Rubash, MD

7:11 – 7:19  Alternate Bearing Surfaces May Further Reduce Wear
Timothy Wright, PhD

7:19 – 7:27  Cementless Fixation Is More Biologic
R. Michael Meneghini, MD

7:27 – 7:35  Does Gender Matter?
Robert E. Booth, Jr, MD

7:35 – 7:43  What Is the Evidence-Based Data for Gender Arthroplasty?
Michael A. Mont, MD

7:43 – 8:07  Case Presentations and Discussion
Harry E. Rubash, MD; Timothy Wright, PhD; R. Michael Meneghini, MD;
Robert E. Booth, Jr, MD; Michael Mont, MD

8:07 – 8:50 AM  Primary TKA: Video Vignettes
SESSION 22
Moderator: Adolph V. Lombardi, Jr, MD, FACS

8:07 – 8:12  The Varus Knee
W. Norman Scott, MD, FACS

8:12 – 8:17  The Valgus Knee
Henri D. Clarke, MD

8:17 – 8:22  Flexion Contracture
Adolph V. Lombardi, Jr, MD, FACS

8:22 – 8:27  Hyperextension
E. Marc Mariani, MD

8:27 – 8:32  Femoral and Tibial Rotational Landmarks
Mary I. O’Connor, MD

8:32 – 8:50  Discussion
Henry D. Clarke; E. Mark Mariani, MD; Mary I O’Connor, MD;
Mark W. Pagnano; W. Norman Scott, MD, FACS

8:50 – 9:45 AM  MIS TKA Meets Computer Navigation
SESSION 23
Moderator: Mark W. Pagnano, MD

8:50 – 8:53  Audience Polling and Pre-session Test Questions

8:53 – 9:00  MIS TKA: Which Approach Should I Choose?
Jean-Noël A. Argenson, MD

9:00 – 9:08  Computer Navigation Improves the Outcome
Thomas K. Fehring, MD

9:08 – 9:16  Smart Instruments Are in Our Future
Giles R. Scuderi, MD
9:16 – 9:24  Technique Trumps Technology  
Robert E. Booth, Jr, MD

9:24 – 9:45  Discussion and Q&A  
Jean-Noël A. Argenson, MD; Robert E. Booth, Jr, MD; Thomas K. Fehring, MD; Giles R. Scuderi, MD

9:45 – 10:05 AM  Morning Coffee Break

10:05 – 11:22 AM  Primary TKA: The Impact of Technique  
SESSION 24  
Ormonde M. Mahoney, MD

10:05 – 10:13  Audience Polling and Pre-session Test Questions

10:13 – 10:21  The Difference in Balancing CR & PS TKA  
Henry D. Clarke, MD

10:21 – 10:29  Management of Extra-articular Deformities  
Michael A. Mont, MD

10:29 – 10:37  Does the Patella Always Have to be Resurfaced?  
Michael Kelly, MD

10:37 – 10:45  High Flexion TKA Is More Than Hype  
Harry E. Rubash, MD

10:45 – 10:53  What Is the Evidence-Based Data for Mobile Bearing Knees?  
Douglas A. Dennis, MD

10:53 – 11:22  Discussion and Q&A  
Henry D. Clarke, MD; Michael A. Mont, MD; Michael Kelly, MD; Harry E. Rubash, MD; Douglas A. Dennis, MD; Richard D. Komistek, PhD

11:22 AM – 12:00 PM  The Outstanding Scientific Knee Papers From the Specialty Societies  
SESSION 25  
Moderator: Mary I O’Connor, MD

11:22 – 11:30  Incidence and Risk Factors For Prosthetic Joint Infection Following TKA  
Daniel J Berry, MD

Thomas K. Fehring, MD

11:38 – 11:46  Factors Affecting TKA Flexion  
Richard D. Komistek, PhD

11:46 – 12:00  Discussion  
Daniel J. Berry, MD; Thomas K., Fehring, MD; Richard D. Komistek, PhD

12:00 – 1:00 PM  Complimentary Lunch

1:00 – 2:00 PM  Revision TKA: The Preop Evaluation  
SESSION 26  
Moderator: Jess H. Lonner, MD

1:00 – 1:03  Audience Polling and Pre-session Test Questions

1:03 – 1:11  Evaluation of the Problematic TKA: Cost-Effective Algorithm  
Thomas K. Fehring, MD

1:11 – 1:19  Making the Diagnosis of Infection: The Latest Tests  
Arlen D. Hanssen, MD

1:19 – 1:27  The Infected TKA: What Are My Options?  
Vincent D. Pellegrini, Jr, MD
1:27 – 1:34 Assessing Polyethylene Wear and Osteolysis
Douglas E. Padgett, MD

1:34 – 2:00 Case Presentations and Discussion
Thomas K. Fehring, MD; Arlen D. Hanssen, MD; Vincent D. Pellegrini, Jr, MD; Douglas E. Padgett, MD; Harry E. Rubash, MD

2:00 – 3:20 PM Revision TKA: Surgical Techniques
SESSION 27
Moderator: David G. Lewallen, MD

2:00 – 2:03 Audience Polling and Pre-session Test Questions

2:03 – 2:11 Revision TKA Techniques: A Surgical Algorithm
Thomas K. Fehring, MD

2:11 – 2:19 Management of Bone Defects
David G. Lewallen, MD

2:19 – 2:27 Stem Fixation: Press Fit or Cement
Raymond Kim, MD

2:27 – 2:35 Evaluation and Treatment of the Stiff Knee
Douglas A. Dennis, MD

2:35 – 2:43 Evaluation and Treatment of the Unstable Knee
R. Michael Meneghini, MD

2:43 – 2:51 Tips to Keep Revision TKA Simple
Giles R. Scuderi, MD

2:51 – 3:20 Case Presentations and Discussion
Thomas K. Fehring, MD; Raymond Kim, MD; Douglas A. Dennis, MD; R. Michael Meneghini, MD; Giles R. Scuderi, MD

3:20 – 3:40 PM Afternoon Coffee Break

3:40 – 5:00 PM Revision TKA: Complicated Cases
SESSION 28
Moderator: Vincent D. Pellegrini, MD

3:40 – 3:48 Audience Polling and Pre-session Test Questions

3:48 – 3:56 Periprosthetic Fractures: Treatment Options
David K. DeBoer, MD

3:56 – 4:04 Results With a Hinged Megaprosthesis
Mary I. O'Connor, MD

4:04 – 4:12 Treatment of Patellar Fractures
Kevin L. Garvin, MD

4:12 – 4:20 Treatment for Rupture of the Extensor Measure
Richard A. Berger, MD

4:20 – 4:28 Malrotation and Patella Maltracking
Paul F. Lachiewicz, MD

4:28 – 5:00 Case Presentations and Discussion
Richard A. Berger, MD; David K. DeBoer; Kevin L. Garvin, MD; Paul F. Lachiewicz, MD; Mary I. O'Connor, MD

5:00 PM Adjourn

[Please note that session titles and speaker names were current at time of syllabus printing deadline.]
Faculty Financial Disclosure Statements
As a continuing medical education provider accredited by the ACCME, it is the policy of Pri-Med Institute to require any individual in a position to influence educational content to disclose the existence of any financial interest or other personal relationship with the manufacturer(s) of any commercial product(s).

The presenting faculty reported the following:

Jean-Noel A. Argenson receives royalties from Zimmer.

David Backstein has no relationships to disclose.

C. Lowry Barnes receives royalties from Wright Medical Technologies.

Paul E. Beaule receives honoraria from and is a consultant for Wright Medical Technologies and Brain Lab.

Richard A. Berger receives royalties from Zimmer and is a consultant for Salient Technologies.

Daniel J. Berry receives royalties from De Puy.

Robert E. Booth, Jr, receives royalties from Zimmer.

Lester S. Borden receives royalties from Stryker.

Miguel E. Cabanela receives royalties from Stryker.

William N. Capello receives royalties from Stryker.

Henry D. Clarke receives institutional research funding from Stryker.

David F. Dalury has no relationships to disclose.

James A. D’Antonio receives a consulting fee and royalties from Stryker, and serves on the advisory panel and design teams.

David K. DeBoer is a consultant for and receives consulting fees from Wright Technology.

Douglas A. Dennis receives royalties from De Puy for implant design, and research grants from DuPuy and Ceramtec.
Thomas K. Fehring is a consultant for and receives royalties and research support from De Puy and Johnson & Johnson, and intends to reference investigational or unapproved agents during the course of his presentation.

Kevin L. Garvin receives royalties from Biomet for implant design.

Arlen D. Hanssen receives royalties for hip/knee design from Stryker and royalties for hip design from Ortho Develop Corp. and intends to reference investigational or unapproved agents during the course of his presentation.

William L. Healy receives royalties for implant design and consulting fees from DePuy.

Michael A. Kelly receives royalties from Zimmer for implant design.

Raymond H. Kim has no relationships to disclose.

Richard D. Komistek is a consultant for Zimmer.

Paul F. Lachiewicz has no relationships to disclose.

David G. Lewallen receives royalties, research grants, and consulting payments from Zimmer, and intends to reference investigational or unapproved agents during the course of his presentation.

Jay R. Lieberman receives funds from and is a consultant for Boehringer Ingelheim Pharmaceuticals, Inc. He also receives funds from and is on the steering committee for Bayer Health Care.

Adolph V. Lombardi, Jr, receives royalties from and is a consultant for Biomet.

Jess H. Lonner receives royalties and consulting fees from Zimmer and consulting fees from MAKO Surgical Corp.

Ormonde M. Mahoney is a consultant and designer for Stryker.

William J. Maloney receives product development royalties from Zimmer and Wright Medical Technologies.

E. Marc Mariani, receives royalties from Ortho Development Corp. and consulting fees from DePuy.

R. Michael Meneghini receives consulting fees and research grant funding from Stryker.
Michael A. Mont receives consulting fees from Stryker and Wright, and receives research support from Stryker Orthopaedics; Wright Medical Technology, Inc.; Biomet; Brainlab; DePuy; Finsbury; Smith & Nephew; and Salient Surgical Technologies.

Mary I. O’Connor reports that her spouse/partner has financial relationships with Zimmer and DePuy.

Douglas E. Padgett has no relationships to disclose.

Mark W. Pagnano receives implant design royalties from DePuy and Zimmer.

Vincent D. Pellegrini receives royalties for implant design from DePuy.

Brad L. Penenberg receives consulting royalties from Wright Medical Technologies.

Harry E. Rubash receives design royalties from Zimmer.

Richard F. Santore has no relationships to disclose.

W. Norman Scott receives design royalties from Zimmer.

Giles R. Scuderi receives implant design royalties from Zimmer.

V. Franklin Sechriest, II, has no relationships to disclose.

Robert T. Trousdale receives royalties for implant design from DePuy and Wright Medical Technologies.

Thomas P. Vail receives royalties for design work from DePuy and intends to reference unapproved or investigational agents in his presentation.

Timothy Wright receives design royalties from Mathys.
Pri-Med programs are owned and operated by M|C Communications, LLC located in Boston, MA. The clinical education division of M|C Communications, LLC is Pri-Med Institute, which was established in 2001 and is structured to provide accredited continuing education programs.

**Pri-Med Institute**

Identifying the needs of health care professionals and ensuring these needs are met with world-class educational programs is the goal of Pri-Med Institute. Accredited by the ACCME and ACPE and approved as a provider of contact hours by the AANP and ANCC, Pri-Med Institute (PMI) is an integral part of Pri-Med educational programs. From needs assessment to accreditation to partnering with content collaborators, Pri-Med Institute ensures that Pri-Med continuing education programs are high-quality credited learning experiences for participants, faculty speakers, and supporters alike.

Pri-Med Institute sponsors conferences as well as other innovative forms of distance education in order to contribute to the continuing professional development of health care providers. The offerings are intended to enhance physicians’ and other health care professionals’ ongoing professional development and influence their clinical practice behaviors for the purpose of improving health outcomes.

**Pri-Med Institute Disclosure Information**

**Medical Advisory Board Financial Disclosure**

George Mejicano, MD has nothing to disclose.
Victor Diaz, MD has nothing to disclose.
Stephen Goldfinger, MD has nothing to disclose.

Michael Bloch, MD is a member of speakers bureaus for AstraZeneca Pharmaceuticals LP, Novartis Pharmaceuticals Corporation, Pfizer Inc., and sanofi-aventis US; and receives research support from AstraZeneca Pharmaceuticals LP and Novartis Pharmaceuticals Corporation. He also receives honorarium from Pfizer Inc. and sanofi-aventis US.

Zorba Paster, MD is a member of speakers bureaus for Ortho-McNeil, Pfizer Inc., and Takeda Pharmaceuticals North America Inc., and receives research support from Pfizer Inc., Takeda Pharmaceuticals North America Inc., Aventis, and Endo Pharmaceuticals.

**Pri-Med Institute Clinical Staff Financial Disclosure**

As a continuing medical education provider accredited by the ACCME, it is the policy of Pri-Med Institute to require any individual in a position to influence educational content to disclose the existence of any financial interest or other personal relationship with the manufacturer(s) of any commercial product(s).

Pri-Med clinical staff have provided financial disclosure. Carolyn Skowronski, PMI Clinical Editor, has disclosed that she owns stock in Merck. All others have no financial disclosure or conflicts of interest to resolve for each of the sessions related to this activity.

**Conflict of Interest Resolution Statement**

When individuals in a position to control content have reported financial relationships with one or more commercial interests, as listed above, Pri-Med Institute works with them to resolve such conflicts to ensure that the content presented is free of commercial bias. The content of this presentation was vetted by the following mechanisms and modified as required to meet this standard:

- Content peer review by external topic expert
- Content validation by external topic expert and internal Pri-Med Institute clinical editorial staff

General Information

The Purpose of ICJR:
The International Congress for Joint Reconstructive inaugural meeting has been designed to provide in-depth, state-of-the-art continuing medical education in both hip and knee joint reconstruction. Internationally renowned faculty will present the latest findings and newest technological advances for non-arthroplasty and arthroplasty approaches to treating problems of the hip and knee.

Innovative program formats will offer rapid-fire, point-counterpoint, panel discussions, debate, video vignettes, case-based solutions, “hands-on” workshops, keynote addresses and opportunities to engage and interact with faculty. Attendees will be able to assess their knowledge and practice preferences relative to peers utilizing audience response systems and interactive participation.

An extensive course curriculum will focus on current issues in hip and knee arthroplasty, including primary and revision surgery considerations, prevention and management of complications, as well as bearing surface science, minimally invasive techniques, surgical navigation and contemporary economic and efficiency challenges in joint reconstruction. Our group of world class educators is committed to ensuring interaction with the attendees and looks forward to your participation, exchange of scientific thought and resultant improvement in patient care.

Accreditation Statement:
Pri-Med Institute is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement:
Pri-Med Institute designates this educational activity for a maximum of 24 AMA PRA Category 1 credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nursing Accreditation:
Pri-Med Institute is approved as a provider of nurse practitioner continuing education by the American Academy of Nurse Practitioners. AANP provider 040308. This program has been approved for 24 contact hours of continuing education (which includes 12 hours of pharmacology)

Disclosure Policy:
It is the policy of the Pri-Med Institute and M|C Communications, LLC to ensure balance, independence, objectivity and scientific rigor in all its sponsored educational programs. All faculty participating in the sponsored programs are expected to disclose to the program audiences any real or apparent conflict(s) of interest related to the content of their presentation(s).

Off-Label/Investigational Disclosure:
During the course of their presentations, the faculty may mention uses of products that have not been approved in the United States for the indication being discussed. Faculty have been instructed to notify participants when they are discussing unapproved uses or investigational agents. In addition, the specific slide will include disclosure of the off-label or investigational agent being discussed. Views presented during this program related to unapproved uses of products are solely those of the presenter and are not endorsed by Pri-Med Institute or M|C Communications, LLC.

Financial Disclosure Statements:
As a continuing medical education provider accredited by the ACCME, it is the policy of Pri Med Institute to require any individual in a position to influence educational content to disclose the existence of any financial interest or other personal relationship with the manufacturer(s) of any commercial product(s).

Badge Correction/Lost Badges:
If you have lost your badge, forgotten to bring your badge or the badge has been prepared incorrectly, please go to the On-Site Registration area where a new badge will be prepared.
Lost & Found:
Pri-Med Institute and M|C Communications, LLC are not responsible for lost or misplaced belongings. Please be sure to remove all personal items from the session room at the end of each day. Any items left in the session room will be brought to the hotel lost and found.

CE Certificate Process:
1. Please locate the evaluation form for Day #1 of the program in the back pocket of the syllabus. There is one evaluation for each day of continuing education offered. You will be provided with a separate evaluation form for Day #2 and Day #3 when you check in at the registration table in the morning. Note that the faculty evaluation form will be used for all 3 days. Fill out only those sections of the evaluation for which you attend.
2. Put your name and badge number on all evaluation forms.
3. Designate the type of credit you seek and sign. Please do not fill out more than one certification statement.
4. Be sure to fill out the amount of credit you are claiming within the certification statement. The amount of credit being sought must coincide with the session evaluations completed; please use the following table as a guide:

*If you do not attend consecutive tracks you will need to defer to column 2 to determine what the tracks were certified and calculate your credit/contact hours accordingly.
5. Before you leave the program, hand in your evaluation materials to a Pri-Med staff member at the registration table. Timestamped evaluation forms will be accepted by mail if postmarked within five (5) business days of the program’s completion. Unfortunately, we cannot accept evaluation forms by fax.

6. Within 4 weeks following the program, certificates will be posted online to Pri-Med Member Account holders at www.pri-med.com (log in to your account and visit the CME Tracker to print out a copy of your certificate).

7. If you have questions about, or corrections to, your certificate after you have downloaded it, please call: 1 - 877- 4PRIMED

KNOWLEDGE THAT TOUCHES PATIENTS®
Get your CME certificates faster with Pri-Med’s online CME Tracker.

Our CME tracker lets you:

- Store an electronic library of your CME certificates
- Print and download your certificate as soon as it's ready
- Print a summary of credits earned to submit to licensing board
- Enter non-Pri-Med CME activities for a complete summary of all of your credits earned through the year

Getting your CME certificate from any Pri-Med live program is easier than ever. By visiting Pri-Med.com, you can quickly see what credits you’ve earned, and then print or save your certificates.

How does it work? We simply send you an email when your certificate is online and ready to print. See other side for easy instructions on how to print your certificate(s) on Pri-Med.com

Check out your CME Tracker at Pri-Med.com today: www.Pri-Med.com
HOW TO PRINT YOUR CERTIFICATE IN THREE EASY STEPS:

   *Our improved “Forgot My Password” management can help you retrieve a forgotten username or password.

2. Scroll down to “Credit Summary” at the bottom of the page and click “View All.”

3. Once logged in, you’ll see your “Summary of Credits Earned.” Click on “Print Certificate.” After opening your certificate, you can print it and/or save it to your computer.
